

EUROLUB WEISSÖL MEDIZINISCH

Description / Applications:

Medical white oil is produced by a special refining process from selected hydrocarbons. These correspond in their degree of purity to the regulations of the DAB (Deutsches Arzneimittelbuch aktuelle edition). They are crystal clear, odorless and tasteless. Medical white oil is used for the production of products from the pharmaceutical industry.

It also serves as a lubricating oil for medical and dental instruments and machines in the food industry, as a mold release agent in the production of confectionery and chocolate parts, provided that is not heated and for other medical, pharmaceutical and cosmetic purposes.

Properties:

- Water-bright-Fluid
- Crystal clear
- Odourless and tasteless
- Fluorescence free
- Lightfast

Delivery:

Art.-Nr. 487020	20 Liter	canister
Art.-Nr. 487060	60 Liter	hobbock
Art.-Nr. 487208	208 Liter	drum
Art.-Nr. 487100	Container	IBC 1.000L
