

EUROLUB EUROFUEL 4-Takt[®]

With EuroFuel 4-Takt[®] the performance of the engine is increased and is longer life. Due to the optimized startup behavior and the clean combustion is guaranteed excellent engine cleanliness.

Product features:

Pollutant-reduced special fuel to protect the environment and health. Better combustion eliminates residue on valves and pistons, improving engine performance and life.

Advantage:

- Maximum performance at low and high engine temperatures
- Excellent engine cleanliness, residue-free combustion
- Free of harmful benzene, low in aromatics and sulfur
- Minimized exhaust odor
- Best standard values and long shelf life
- Improved cold start properties

Application:

Environmentally friendly fuel for four-stroke engines, such as: karts, two-wheelers, lawn mowers, snow blowers, power generators, etc.

Delivery:

Art.-Nr. 880020	20 Liter	plastic-can
Art.-Nr. 880200	200 Liter	drum

Stability:

When properly stored (closed containers, cool and dry), the special fuel EuroFuel 4-Takt[®] is stable for at least 36 to 48 months without quality change.
